European Network of Living Labs Workshop

by
The European Network of Living Labs (ENoLL)
The European Society of Concurrent Enterprising Network (ESoCE NET)
iLab.o - open innovation in ICT (IBBT-iLab.o)

A cluster meeting of the Living Labs portfolio will be held on the 7th April from 17.30 to 19.00hrs. This meeting is for the Living Labs Portfolio Leadership Group.

General Objectives

To let our collective Intelligence emerge in an interactive workshop with all ENOLL members, focusing on the definition of the network services for the members benefit and on the governance of the network for its transition to self sustainability.

- To discuss user driven open innovation and Living Labs in the context the Renewed Lisbon Strategy. Based on draft *Living Labs Research and User-driven Innovation* Roadmap.
- To Identify potential wide scale LLABS Pilots. Address different profiles of Living Labs and their geographical collaboration: Cross border, European and global dimension.
- To co-create the Network services by and for the ENOLL members, to discuss the governance of the ENOLL and its transition to self sustainability.

This will bring together the existing European Network of Living Labs, and other interested actors from the Living Lab Open Innovation Community interested to:

- Exchange results from ongoing Living Labs related activities within the European Network of Living Labs, the Coordination and Specific Support Actions (Co-LLABS, Clock,

CoreLabs and OpenFutures) and the Integrated Projects (C@R, CoSpaces, Ecospace, Laboranova and WearIT@work).

- Facilitate meetings for knowledge sharing, opportunity creation and partnering amongst Living Labs Open Innovation Community members.
